Handbook Disclaimer

To ensure continued compliance with federal, state or local regulations, the rules, guidelines, and Board Policies published in this handbook are subject to review and may be amended during the year without notice as necessary for the routine operation of the school or District. Any amendment(s) made during the year will be posted to the school website.

Nothing in this handbook shall be construed in a manner contrary to Board of Education Policies, State, or federal law.

GENERAL INFORMATION AND NOTICES

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the Superintendent or Building Principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Animals on School Property

In order to ensure student health and safety, animals are not allowed on school property except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the Building Principal in the case of an educational opportunity for students, provided that: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Warning Signs of Child Sexual Abuse

Physical signs:

- Sexually transmitted infections (STIs) or other genital infections

- Spending an unusual amount of time alone
- Trying to avoid removing clothing to change or bathe

Emotional signs:

Warning Signs of Grooming Behaviors

School and District employees are expected to maintain professional and appropriate relationships with students based upon students' ages, grade levels, and developmental levels.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written or electronic communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples of grooming behaviors include, but are not limited to, the following:

- Sexual, indecent, romantic, or erotic contact with a student
- Failing to respect boundaries or listening when a student says “no”
- Engaging in touching that a student or student’s parents have indicated as unwanted
- Trying to be a student’s friend rather than filling an adult role in the student’s life
- Failing to maintain age-appropriate relationships with students
- Talking with students about personal problems or relationships
- Spending time alone with a student outside of their role in the student’s life or making up excuses to be alone with a student
- Expressing unusual interest in a student’s sexual development, such as commenting on sexual characteristics or sexualizing normal behaviors
- Giving a student gifts without occasion or reason
- Spending a lot of time with a student
- Restricting a student’s access to other adults

Warning Signs of Boundary Violations

School and District employees breach employee-student boundaries when they misuse their position of power over a student in a way that compromises the student’s health, safety, or general welfare. Examples of boundary violations include:

- Favoring a certain student by inviting the student to “hang out” or by granting special privileges
- Engaging in peer-like behavior with a student
- Discussing personal issues with a student
- Meeting with a student off-campus without parent knowledge and/or permission
- Dating, requesting, or participating in a private meeting with a student (in person or virtually) outside of a professional role
- Transporting a student in a school or private vehicle without administrative authorization
- Giving gifts, money, or treats to an individual student
- Sending a student on personal errands
- Intervening in a serious student problem instead of referring the student to an appropriately trained professional
- Sexual or romantic invitations toward or from a student
- Taking and using photos/videos of students for non-educational purposes
- Initiating or extending contact with a student beyond the school day in a one-on-one or non-group setting
- Inviting a student to an employee’s home
- Adding a student on personal social networking sites as contacts when unrelated to a legitimate educational purpose
- Privately messaging a student
- Maintaining intense eye contact with a student
- Making comments about a student’s physical attributes, including excessively flattering comments
- Engaging in sexualized or romantic dialog
- Making sexually suggestive comments directed toward or with a student
- Disclosing confidential information
- Self-disclosure of a sexual, romantic, or erotic nature
- Full frontal hugs
- Invading personal space

If you believe your child is a victim of child sexual abuse, grooming behaviors, or boundary violations, you should immediately contact the Building Principal, a school counselor, or another trusted adult employee of the school.

Board Policy 4:165, *Awareness and Prevention of Child Sexual Abuse and Grooming Behaviors*, is available on the District website and a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Education of Homeless Children

Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths, including a public pre-school education. Any homeless child shall be immediately admitted, even if the child or child's parent is unable to produce records normally required for enrollment. Policy 6:140, *Education of Homeless Children*, and its implementing administrative procedures govern the enrollment of homeless children.

Equal Educational Opportunities

Equal educational, co-curricular, and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, actual or potential marital or parental status, including pregnancy. Any student may file a discrimination grievance by using Board policy 2:260, *Uniform Grievance Procedure* or by completing and submitting a [Formal Public Complaint form](#).

Sex Equity Policy

No student shall, on the basis of sex, sexual orientation, or gender identity, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational, co-curricular, and extracurricular programs and activities. Any student may file a sex equity complaint by using Board policy 2:260, *Uniform Grievance Procedure* or by completing and submitting a Title IX Complaint form available [here](#).

Video and Audio Monitoring System

A video and audio monitoring system is in use on school buses and a video monitoring system is in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Weapons Policy

It is the policy of District 158 to prohibit the possession or the assistance of possession of weapons on school grounds, at any school activity, on school transportation vehicles, or in designated transportation waiting areas.

ENROLLMENT INFORMATION

Age Requirement

To be eligible for enrollment to District 158, a child must be five years old on or before September 1 of that school term. A child entering first grade must be six years of age on or before September 1 of that school term. A child with exceptional needs who qualifies for special education services is eligible for admission at three years of age. Early entrance to Kindergarten or first grade may be available through Policy 6:135, *Accelerated Placement Program*. The Superintendent or designee shall assess the child's readiness to attend school and make the decision accordingly.

Birth Certificate Requirement

Illinois law requires at registration, or within 30 days of registration, a certified copy of the student's birth certificate to be on file with the District. If a certified copy is not available at the time of registration, the District must be furnished at a minimum: the student's full legal name and date of birth. If a person enrolling a student fails to provide a certified copy of the student's birth certificate within 30 days of registration, the Superintendent or designee shall immediately notify the local law enforcement agency, and shall also notify the person enrolling the student in writing that, unless the person complies within 10 days, the case will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Superintendent or designee shall refer the case.

Custody Arrangements

In order for school personnel to be aware of any custody arrangements, please provide legal custody/divorce settlement documents to the school prior to the beginning of the school year or as situations change.

Fees and Waivers

Waiver of student fees will be granted to those students who qualify. Parents may apply for waiver of school fees by completing and submitting the [Application for Fee Waiver form](#) and proof of current income.

Please note: In order to be eligible for a waiver of student registration fees, applications must be received *within thirty (30) days of the date your child enters school for the current school year*. Fees will not be waived until the Application for Fee Waiver form is received, reviewed and approved. If approved, other fees incurred after the date the application is received will be eligible for a fee waiver.

Board Policy 4:140, *Waiver of Student Fees*, is available on the District website and a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Homeless Child's Rights

When a child loses permanent housing and becomes a homeless person as defined by law, or when a homeless child changes their temporary living arrangements, the parent of the homeless child has the option of either:

1. continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

For additional information, please contact:

Molly Berendt, D158 Homeless Liaison
mberendt@district158.org or (847) 659-6596

Student Placement

Student placement is a function of building administration. Teachers work together with building administrators to place students in classrooms. Parents may provide written comments or information pertaining to their child's learning needs by May 1.

Student Transfers to and from Non-District Schools

A student may transfer into or out of the District according to State law and procedures developed by the Superintendent. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the District.

EMERGENCY COMMUNICATIONS

Emergency Notifications

District 158 will send out notification alerts in critical situations, such as emergency weather closures, crisis incidents, and other incidents affecting school operations through the SwiftReach SwiftK12 program. This system integrates with PowerSchool, and parents can manage their contact information and preferences through the PowerSchool Parent Portal. For more information, visit the Safety and Security webpage and select "Alerts" from the dropdown menu or click [Managing Your Information and Preferences" in SwiftK12](#) to view instructions.

School Day Cancellations

The Superintendent is authorized to close school(s) in the event of hazardous weather or other emergency that threatens the safety of students, staff members, or school property. Should the need to close occur, parents will be notified via SwiftReach SwiftK12, the District's automated messaging system. Information will also be posted to the District 158 website at www.huntley158.org. In the event school is closed, all after-school, co-curricular, and extracurricular activities are also cancelled.

Faith's Law Notifications - Employee Conduct Standards

School districts are required to include in their student handbook notification of the District's Employee Code of Professional Conduct. These standards, in part, define appropriate conduct between school employees and students.

Board Policy 5:120, *Employee Ethics; Code of Professional Conduct; and Conflict of Interest*, is available on the District website and a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Gun-Free, Tobacco, Alcohol, and Drug-Free Zones

All District 158 buildings and grounds are gun-free, tobacco, alcohol, and drug-free zones. Cigarettes and alternative nicotine products are not permitted. This includes all after school activities and school-related events.

Mandated Reporter

All school personnel, including teachers, administrators, and support staff members, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services (DCFS).

Parent Teacher Association

The Parent Teacher Association (PTA) is a partnership that brings people together to share thoughts and ideas about programs and activities that benefit students and their families. The PTA works with staff to help promote school goals and bring a sense of community to our schools. For further information, please check the school's webpage for the PTA link.

Pesticide Application Notice

District 158 maintains a registry of employees and parents of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact the Director of Communications and Public Engagement at (847) 659-6158.

Notification will be given before application of the pesticide. Prior notice is not required if there is imminent threat to health or property.

PowerSchool

Huntley 158 uses an internet-based student information system called PowerSchool. The PowerSchool parent portal gives parents access to real-time information including their child's schedule, attendance, assignments, and grades. Students also have their own accounts to access school information from home or at school.

Instructions to create a PowerSchool account, to add/link a student, along with information on the PowerSchool app and a login link is available on the [PowerSchool](#) page of the District website. Password information for students and parents is available from the District Registration Office at (847) 659-6147.

Sex Offender & Violent Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except in the following circumstances as they relate to the individual's child:

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child, such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the Superintendent or Board.

Any time a convicted child sex offender is present on school property for any reason – including the three reasons above – the individual is responsible for notifying the Building Principal upon arrival and upon departure. The convicted child sex offender must remain under the direct supervision of a school official at all times while in the presence or vicinity of children. A violation of this law is a Class 4 felony.

In addition, State law requires schools to notify parents that information about sex offenders and violent offenders against youth is available to the public on the Illinois Department of State Police (ISP) website. The ISP website contains the following:

- Illinois Sex Offender Registry, <https://isp.illinois.gov/Sor>
- Illinois Murderer and Violent Offender Against Youth Registry, <https://isp.illinois.gov/MVOAY>
- Frequently Asked Questions Concerning Sex Offenders, <https://isp.illinois.gov/Sor/FAQs>

Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the District.

The District maintains resources on suicide and depression awareness and prevention. Much of this information, including a copy of Board policy 7:290, *Suicide and Depression Awareness and Prevention*, is posted on the District website and can also be obtained from the school office.

In the event of a life threatening emergency, please call 9-1-1
or the National Suicide Hotline at 1-800-273-8255.

Visitor Guidelines

The safety and security of your children is our number one concern. In an effort to maintain a safe, disruption free educational environment for all students, we ask all visitors to use the same procedures when entering the building. The District expects mutual respect, civility, and orderly conduct among all individuals on school property or at a school event.

- All schools are accessible only via the secured main entrance (Door #1).
- All visitors to elementary and middle school buildings must press the call button outside the front door, state their purpose for visiting, and wait to be buzzed into the building.
- All visitors must provide valid ID and be scanned into the Raptor Visitor Management System which will run an instant background check. You will be issued a visitor pass that should be worn visibly. At the conclusion of your visit, you will need to stop in at the office, sign-out and turn in your visitor's pass.
- Visitors with histories that appear on the Raptor check will be either denied access to the building, limited to conducting business in the front office, or will be provided escorted access to other parts of the building as is necessitated by circumstances and/or applicable law.

Visits to Classrooms and Conferences

- All visits to classrooms must be pre-arranged with the teacher.
- Conferences will be held outside school hours or during the teacher's conference/preparation period.
- All visitors must follow the Visitor Guidelines as outlined above.

Volunteers

District 158 is fortunate to have extensive community and parental involvement. Throughout the school year, there are many opportunities to volunteer in the schools: school picture day, vision and hearing screenings, strengthening reading skills, medical and engineering academies, and much more!

Those interested in volunteering must complete a Volunteer Registration form each school year before volunteering. In keeping with District guidelines, younger siblings are not permitted to accompany volunteers during volunteer activities. We appreciate everyone's understanding.

The Volunteer Registration form along with additional information is available on the [Volunteer](#) webpage. If you are interested in volunteering, please contact the District's Volunteer Coordinator at (847) 659-6152.

SCHOOL GUIDELINES

Access to Student Social Networking Passwords and Websites

Social networking websites and platforms means an Internet-based service that allows students to: (1) construct a public or semi-public profile within a bounded system created by the service, (2) create a list of other users with whom they share a connection within the system, and (3) view and navigate their list of connections and those made by others within the system. Social networking websites include, but are not limited to, Facebook, Instagram, Twitter, TikTok, Snapchat, and ASKfm.

If a student has an account on a social networking website, school officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school behavior rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination. School officials may not request or require a student or the student's parent to provide a password or other related account information to gain access to the student's account or profile.

Homework

Homework is an extension of learning in the classroom and is assigned to challenge, reinforce and motivate, and is not given for disciplinary reasons.

The quantity of homework will increase throughout the grade school years as students are able to assume greater responsibilities and independence. Whenever possible, supervised study time will be given in the classroom to help students get off to a good start on their assignments. Homework is a good way of involving parents in the learning process and keeping them informed about their child's progress. It is important, however, that assignments be completed by the student in order for the teacher to make an accurate assessment of the student's learning. Both long-term and short-term homework assignments will help students establish regular study habits, learn to budget time, develop an interest in the work assigned and learn the importance of accomplishing and turning in the work on time.

Lost and Found Area

Lost clothing, book bags, etc. will be kept in the lost and found area. Small articles and valuables such as wallets, purses, jewelry and watches are kept in the office. Students may claim their possessions by identifying them. Please label all items with your child's name to facilitate return.

Party Invitations and Birthday Acknowledgements

Invitations to private parties (birthdays, holidays, etc.) should be distributed outside of school. These types of invitations will only be distributed at school if the entire class is invited to the private party. Birthday acknowledgements (balloons, flowers, etc.) will not be sent to classrooms and cannot be sent home on the bus.

Personal Electronic Items - Toys, Games, Cell Phones

Below is a list of items that may not be visible or accessed during the school day. Students choosing to bring these items to school must store them in backpacks in the "off" position. Please be aware the school is not responsible for lost, damaged, or stolen items.

- Toys (electronic or other)
- Games (electronic or other)
- Cell phones, MP3 players, Smart Watches

Smartphones, e-readers and other educational electronic devices may be used for instructional purposes when the teacher deems appropriate.

Report Cards, Grading and Promotion

Report cards for students in grades K-5 are completed on a trimester basis. Students will be assessed on end of the year grade-level standards in order to show what a student knows, or is able to do, in relation to the standards. The report cards show student progress towards mastery of specific learning targets.

At times questions of retention do arise. A decision to promote or retain a student shall be based on successful completion of the curriculum, attendance, and mastery of content. The administration shall determine remedial assistance for a student who is not promoted.

Respect for Property

Students are to respect the property of others including that of students, staff and school. School issued materials such as textbooks, tablets, lab materials, etc., are on loan to students. Any damage or replacement costs are the student's responsibility. Student storage areas such as lockers, cubbies, and desks are school property and are to be used only for the purpose of storing books, notebooks, lunches, coats, etc. These areas are subject to search by school authorities.

Student Appearance, Clothing, and Hygiene

Students are expected to keep themselves well-groomed and neatly dressed at all times. A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

Experience has shown that student conduct, identification with the school purposes and activities, personal pride and self-respect, and even the level of learning responses of students are all related to personal appearance and mode of dress. Students should dress neatly but simply for school, rejecting extreme fads concerning hairstyles, make-up or clothing.

We ask parents and students to become involved in supporting a "level of dress" that helps to promote a good atmosphere for learning. Articles of clothing that are considered inappropriate include, but are not limited to, headwear/hats, shoes with wheels, overly revealing clothing, dangerous or disruptive accessories, and clothing making reference to drugs, marijuana, or alcoholic beverages.

Clothing that disrupts the educational process and/or is demeaning to oneself is also considered inappropriate. During the school day students may be asked to remove or turn inside out any inappropriate items of clothing. Parents will be contacted in situations where student dress or hygiene presents a problem.

Telecommunication Device Possession and Use

Students are allowed to possess cellular, radio, or other telecommunication devices at school, on school property, or at school-sponsored activities, but the use of these devices is restricted to areas designated by the Building Principal before and after school hours only. During the school day and while participating in school-sponsored activities, students will be expected to leave these devices in their lockers or cubbies in the "off" position. Cellular, radio, or other telecommunication devices found in a student's possession during the school day, while participating in school-sponsored activities, or outside designated areas may be confiscated, and the student may be subject to additional discipline. Parents are required to pick up confiscated items.

Students will not be allowed to make phone calls during the school day except as permitted by a staff member. Students generally are not called to the telephone from classes except for emergencies.

The District also restricts parents' and/or visitors' use of cellular, radio, and other telecommunication devices to appropriate areas to be used only in such instances in which either an emergency exists or the use of the device is not disruptive to the ongoing activity. Violators of this policy may be asked to leave the school building.

Treats for Classroom Celebrations

Healthy food and beverage options should be made available for classroom celebrations. Candy and pop are discouraged, and gum is not allowed. When bringing treats for classroom celebrations, please remember that District 158 requires all treats be commercially prepared and packaged. The distribution of edible birthday treats is not permitted in schools.

A list of healthful food and beverage options for school functions along with ideas for classroom rewards can be found in the [District's School Wellness Plan](#) located on the Food Services webpage.

PARENTS' RIGHTS NOTIFICATIONS

Annual Report Card

Each year, the District is required to disseminate an annual report card that includes information on the District as a whole and each school served by the District, with aggregate and disaggregated information for each required subgroup of students including: student achievement on academic assessments (designated by category), graduation rates, district performance, teacher qualifications, and other information required by federal law. We encourage you to explore illinoisreportcard.com to view the Illinois School Report Card for District 158 or your child's school.

Assessments/Standardized Testing

Assessments are essential to a student's learning experience as they assist in providing information for determining individual student achievement and instructional needs, curriculum and instruction effectiveness, and school performance measured against District student learning objectives and statewide norms.

Testing includes local assessments and State assessments as required by federal law.

Below is a list of local and State assessments administered to students each school year:

School Visitation Rights for Parents

The School Visitation Rights Act permits employed parents, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings and behavioral meetings. Letters verifying participation in this program are available from the school office upon request.

Student Data Privacy; Notice to Parents About Educational Technology Vendors

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators.

SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Illinois State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent name and student or parent contact information, username/password and student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English Learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use K-12 student data for purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents
- Other activities that are for the use and benefit of the school district

Board Policy 7:345, *Student Data Privacy*, is available on the District website and a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Teacher Qualifications

Under Title I of the Elementary and Secondary Education Act, parents may request the professional qualifications of their child's classroom teachers and the paraprofessionals, if any, who assist them, including:

1. Whether the teacher has met the State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. Whether the teacher is teaching under an emergency or other provisional status through which State qualification or licensing criteria have been waived;
3. Whether the teacher is teaching in the field of discipline of the teacher's licensure; and
4. Whether any instructional aides or paraprofessionals provide services, and, if so, their qualifications.

This notice is required by federal law (20 U.S.C. §6312(e)(1)(A)). If you would like to receive any of this information, please contact the District 158 Administrative Office at (847)659-6158.

ATTENDANCE

School attendance is one of the most important tasks of a student. The attendance maintained while in school will be looked upon by future employers as one of the basic criteria of employment. Students who stay home for trivial illnesses or because they do not feel like attending school are, in effect, only hurting themselves. They are missing vital information in their education and placing their future in jeopardy. We will closely monitor all absences and hope for the cooperation of parents in improving school attendance.

Absences

If your child will be absent because of illness, you are required to call the school absentee line by the beginning of the school day and report the absence each day. If your child is absent and we do not receive a call, we will call you at home or your place of employment to verify the absence. The purpose of this procedure is to determine if your child has arrived safely to school. School policy requires a written excuse from a doctor for any student who is absent from school due to illness for three or more consecutive days for an absence to be considered excused.

A student must be in attendance for a minimum of 5 consecutive hours (300 minutes) to be considered a full school day, 2.5 hours (150 minutes) for a half day for grades two through five, and 2 hours (120 minutes) for Kindergarten through first grade. When your child arrives after the official start time, parents are required to sign their child in at the office. Students who leave school early for reasons of illness, appointments, or notes from home will be released only to the parent unless prior arrangements have been made through the school office. Parents are required to sign their child out in the office.

Acceptable Absences

Examples of absences that may be excused include, but are not limited to:

1. Illness of the student
2. Mental or Behavioral Health Days – Students may utilize up to five mental or behavioral health days. After use of the second mental or behavioral health day, the student may be referred to the appropriate school support personnel.
3. Medical or dental appointments (with a note from the doctor or dentist)
4. Death in the immediate family
5. Family emergency*
6. Religious holiday observance
7. Attending a military honors funeral to sound TAPS
8. Court appearance

9. A student will be excused for up to 5 days in cases where the student's parent is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings.
 10. School sponsored activity
- * "Needed at home" is not a sufficient excuse. The note from the parent must indicate the reason for the emergency requiring the student to miss school.

Unacceptable Absences

Examples of absences that cannot be excused include, but are not limited to:

1. Errands which could be scheduled when a student is not required to be in school
2. Oversleeping
3. Car trouble or missing the bus

The Illinois School Code (Section 26.2A) does NOT grant parents the authority to excuse their child from attending a class or the entire school day. The school is responsible for determining whether or not an absence is excused or unexcused.

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center. Any student who has 10% or more absences of the school days each month will receive a letter or phone call home to discuss attendance and determine if there is a need to develop a plan of support. A meeting may be set with the family and school to determine if further absences would be marked unexcused without documentation for the remainder of that trimester.

Furthermore, State law provides that school districts are encouraged to provide a system of support strategies to students who are at risk of reaching or exceeding chronic absence levels. School districts are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The school and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, the student's parent(s) and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

After School, Co-Curricular, or Extra-Curricular Activities Attendance Requirements

A student must be present at school a minimum of four (4) hours to be eligible for participation in after school, co-curricular, or extra-curricular activities such as athletics, concerts, presentations, plays, trips, etc. If a student goes home ill during the day, that student becomes ineligible for participation in any after school, co-curricular, or extra-curricular activities that day.

Prearranged Absences

For planned absences, such as family vacations during the school year, parents should notify the teacher and office in writing in advance. While such absences are discouraged, alternative assignments may be provided, when possible, as long as teachers have sufficient notice. Please review the District [calendar](#) to view days of non-attendance and if possible, schedule appointments and vacations on these dates.

Release Time for Religious Instruction/Observation

A student will be released from school, as an excused absence, because of religious reasons, including to observe a religious holiday, for religious instruction, or because the student's religion forbids secular activity on a particular day or time of day. The student's parent must give written notice to the Building Principal at least five (5) calendar days before the student's anticipated absence. Students excused for religious reasons will be given an opportunity to make up any missed work, including homework and tests. A parent may request that a student be excused from physical activity in PE during a period of religious fasting, by notifying the physical education teacher in writing.

Requests for Make-Up of Missed School Work

Parents are urged to request missed school work if their child is absent two or more consecutive days. Contact the school office as early in the day as possible to make this request. This will allow the teacher time to prepare what is needed.

Tardy to School

It is very important that children arrive at school on time. The educational process is disrupted for all concerned when this does not occur. When tardy to school, a student must report to the office to sign in before attending class. Excused tardies are orthodontist, dentist, doctor, eye doctor appointments, etc. Unexcused tardies include oversleeping or missing the bus.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and District.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and District will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

BEHAVIOR EXPECTATIONS & DISCIPLINE

Aggressive Behavior

Illinois law requires school districts to notify the parent of a child who demonstrates behaviors that put the student at risk for aggressive behavior. Board Policy 7:190, *Student Behavior*, prohibits a student while at school or a school-related activity from: (1) engaging in any kind of behavior that causes physical or psychological harm to someone else, and/or (2) urging other students to engage in such conduct.

Bullying, Harassment, and Hazing

Bullying, intimidation, harassment, and hazing diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying

Bullying is defined as: (1) an act that is repetitive in nature (similar behavior which occurs more than once); (2) creates a power imbalance (by size, age, numbers or emotionally); and/or (3) is intended to hurt or harm the victim (socially, emotionally, or physically).

Bullying on the basis of actual or perceived race, color, national origin, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, immigration status, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in the following situations:

1. During any school sponsored education program or activity;
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops, or at school sponsored or school-sanctioned events or activities;
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

Bullying includes *cyberbullying* and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students which can reasonably be expected to have one or more of the following effects:

1. Placing the student or students in reasonable fear of harm to their person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance, or ability to participate in or benefit from the services, activities, or privileges provided by the school.

Students who feel they have been bullied should report the incident by:

1. Contacting the Complaint Manager or other administrator, counselor, teacher, or social worker
2. Using the ***Student Helpline***: (815) 889-0584
3. Using the [District Bullying Report form](#) found on the District website.
4. Following the process outlined in Board Policy 2:260, *Uniform Grievance Procedure*, and this Handbook.

At its discretion, the District may make referrals of students who have demonstrated bullying behaviors to counselors or mental health professionals. Students determined to have committed an act of bullying may face disciplinary consequences up to and including a recommendation of expulsion, as well as possible referral to the appropriate law enforcement agency for criminal charges.

Questions or concerns should first be discussed with the staff member closest to the situation. It is always best to follow the chain of command to ensure that all parties involved are properly informed of the situation. Parents should expect a response from the staff member or their designee within 24 hours to discuss the concern. If no contact has been made, please proceed to the next step in the chain.

Teacher → Assistant Principal → Building Principal → Assistant Superintendent → Superintendent

Board Policy 7:180, *Prevention of and Response to Bullying, Intimidation, and Harassment* is available on the District website or a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Harassment

It is the policy of District 158 to provide an educational environment free of verbal, physical, or other conduct or communications constituting harassment. No person, including an employee or student, shall harass, intimidate, or bully a student on the basis of actual or perceived race, color, nationality, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of

protection status, status of being homeless, immigration status, marital status, pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic.

Sexual harassment of students is prohibited. Sexual harassment means sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment, or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
 - a. Substantially interfering with a student's educational environment;
 - b. Creating an intimidating, hostile, or offensive educational environment;
 - c. Depriving a student of educational aid, benefits, services, or treatment; or
 - d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

Students are encouraged to report claims or incidences of sexual harassment to the Non-Discrimination Coordinator or Complaint Manager. Any student who believes they are being harassed may file a complaint by using the process outlined in Board Policy 2:260, *Uniform Grievance Policy*, and this Handbook.

A student's good faith action in reporting harassment will not result in any adverse actions against the complainant. However, if a student or witness is found to have made an intentionally false report of harassment, the student or witness shall be subject to discipline.

Board Policy 7:20, *Harassment of Students Prohibited*, is available on the District website or a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Hazing

Soliciting, encouraging, aiding, or engaging in hazing is prohibited. Hazing means any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

Conduct Motivated by Prohibited Discrimination

Conduct motivated in whole or in part by prohibited discrimination may be subject to increased disciplinary measures where determined to be appropriate by the administration. The Board of Education may also consider whether conduct was motivated in whole or in part by prohibited discrimination when determining whether to expel a student based on such conduct.

Prohibited discrimination means conduct based upon actual or perceived color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, actual or potential marital or parental status, or pregnancy.

Dangerous Weapons

Board Policy 7:190, *Student Behavior*, prohibits the possession or the assistance of possession of weapons on school grounds, at any school activity, on school transportation vehicles, or in any designated school transportation waiting area.

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

1. A *firearm*, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 19 of the United States Code (18 U.S.C. §921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including *look-alikes* of any *firearm* as defined above.

The expulsion requirement under either paragraph one or two above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. Any item determined to have been possessed, used, transferred, or controlled in violation of this policy will be confiscated and retained by school officials, and either turned over to a parent at the end of the school year, or to the appropriate local law enforcement agency.

Board Policy 7:190, *Student Behavior*, is available on the District website and a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Gang and Gang-Related Activity

The Board of Education affirms its position that schools in District 158 shall provide an orderly place for learning. Board Policy 7:190, *Student Behavior*, prohibits students from engaging in gang activity on school property or at any activity associated with or under the general guidance of school authorities.

Gangs are defined as any group of two or more persons who associate with each other primarily for criminal, disruptive and/or other activities prohibited by law and/or by the District's policies, rules, and regulations.

No student:

1. Shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge, symbol, sign or other insignia which is evidence of membership or affiliation with any gang.
2. Shall draw gang graffiti or distribute gang related literature.
3. Shall use any speech, either verbal or non-verbal (such as gestures or hand-shakes), or act in furtherance of gang activity.
4. Shall solicit others for membership in any gang.
5. Shall request any person to pay protection or otherwise intimidate or threaten any person.
6. Shall commit any other illegal act or other violation of District policies in furtherance of gang related activities.
7. Shall incite other persons to inflict physical violence against any other person.
8. Shall participate in any activity that could be interpreted as relating to gangs or gang activity.

Penalties for Violations:

Any student found to have violated this policy shall be guilty of gross misconduct. All gang related paraphernalia or materials will be confiscated. Violation of this policy may result in disciplinary measures up to and including 10-days suspension with consideration for expulsion, and referral to appropriate law enforcement agency if a violation of the law is involved.

Discipline of Special Education Students

The District will comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of the student's disability. However, all students must conform to the Student Behavior policies as outlined in this Handbook.

Additional information regarding discipline of students with disabilities is located in the Special Education section of this handbook.

Disciplinary Measures

Potential disciplinary measures include, without limitation, any of the following:

1. Verbal warning
2. Notifying the parent(s)
3. Disciplinary conference
4. Withholding of privileges
5. Temporary removal from the classroom
6. Lunch or teacher detention
7. Return of property or restitution for lost, stolen, or damaged property
8. Restorative Practices strategies
9. In-school suspension
10. After-school detention
11. Seizure of contraband, confiscation and temporary retention of personal property that was used to violate Board Policy or school disciplinary rules
12. Suspension of bus riding privileges
13. Out-of-school suspension
14. Expulsion
15. Notifying juvenile authorities or other law enforcement
16. Other disciplinary action as deemed appropriate by the administration

Level/Step Disciplinary System

Administrators will at every stage be concerned with finding causes for misconduct for which the actions of the student are symptoms. It will be the goal to seek and find appropriate help for students who are in need. The system identifies three levels of misbehavior and clearly states the consequences for each rule infraction. Consequences are progressively more serious as infractions accumulate and severity increases. It is the hope and intent that this system will deter future misconduct and engender in students a respect for the rights of others and the need for the rule of law both in school and society.

Level A – School Rule Infractions that Disrupt the Educational Environment

- Such as, but not limited to: classroom disruption, insubordination, personal dishonesty, academic dishonesty, throwing objects, public display of affection, profanity, failure to report to an assigned disciplinary action, bus violations, dress code violations, electronic device/cell phone violation, being in an unauthorized area, violation of normal school rules, unexcused tardiness to class or school, and unexcused absence from class.

Level A infractions may result in warnings, loss of a school privilege, lunch detention, before and/or after school detentions, parent conference, Restorative Practice strategies, or suspension in or from school.

Level B – Serious Rule Infractions that Infringe Upon the Rights or Safety of Others

- Such as, but not limited to: repeated Level A infractions, aggressive behavior (includes play fighting), fighting, aiding and abetting the violation of school rules, vandalism, theft or attempted theft, extortion, possession of inappropriate objects or material, technology violations, forgery, harassment of other students, chronic misbehavior, tampering with fire extinguisher or health safety equipment, false fire alarm, and truancy.

Level B infractions may result in warnings, loss of a school privilege, lunch detention, before and/or after school detentions, parent conference, Restorative Practice strategies, suspension in or from school (up to ten days), recommendation to the Board of Education for expulsion (up to two years), and police notification and involvement.

Level C – Gross Disobedience / Illegal Behavior

- Such as, but not limited to: repeated Level B infractions, an act that endangers oneself or others, felonious acts, threats or physical attacks of a staff member on or off campus, threats towards others, possession or assisting in the possession of a weapon, arson, possession of or use of illegal drugs, marijuana or alcohol, participation in a transaction or transfer of or attempted transaction or transfer of drugs, marijuana or alcohol, use or possession of tobacco, tobacco products or alternative nicotine products, gambling, gang activity, and assault.

Level C infractions may result in warnings, loss of a school privilege, lunch detention, before and/or after school detentions, parent conference, Restorative Practice strategies, suspension from school (up to ten days), a recommendation to the Board of Education for expulsion (up to two years), and police notification and involvement. Any student who possesses a weapon, as defined in Section 10-22.6(d) of the School Code or Board Policy 7:190, *Student Behavior*, shall be expelled for not less than one year.

Disciplinary Consequences

Detention

Detentions are assigned in cases of serious misconduct and/or frequent misconduct of the same nature. A detention must be processed through the administration. A detention may be up to 30 minutes and may occur before school, during lunch or after the school day. Absence on the day of a detention will cause the detention to be served on the next school day. If the detention is assigned before or after school, students and parents will be notified in writing at least one day in advance of the day assigned. Parents are responsible for providing transportation. Transportation inconveniences are not a valid excuse for missing a detention. Failure to appear for an assigned detention may result in additional detention and/or parent phone conference.

In-School Intervention

Students will be in a supervised location working on classroom assignments. Any disruption will result in additional disciplinary action.

Suspension

A student who has been suspended will not be readmitted to school or to classes without a parent conference. Students may not participate in or attend after school, co-curricular, or extra-curricular activities while under suspension. At the time of a suspension the student will remain in the office until a parent or their designee comes to pick up the student from school.

A suspension may not exceed ten school days. Prior to a suspension, a student will be advised of the reason for the proposed suspension and afforded an opportunity to present information on their own behalf. It must be determined that the student is guilty of noncompliance with the school rule of the conduct charged, and that suspension is reasonably justified. Parents will be given prompt notice of the suspension and the reason thereof.

A suspended student shall have the opportunity to make up any assignments and tests missed during the suspension period. The school will provide work for the student so that future learning is not affected by the suspension. A student will receive credit for these assignments.

Parents have a right to request a review before the Board or an appointed hearing officer.

Right to Review Suspension

The Appeals process must follow these 3 steps:

- A. Appeal to the Building Principal
- B. Appeal to the Associate Superintendent or Designee
- C. Appeal to the Board of Education

Board Policy 7:200, *Suspension Procedure* is available on the District website and a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Expulsion

Expulsion shall take place only after the parents have been requested by registered or certified mail to appear at a meeting of the Board, or to meet with a hearing officer appointed by the Board to discuss their child's behavior.

The request shall include:

- a. Details regarding the specific act of gross disobedience or misconduct resulting in the recommendation for expulsion;
- b. The time, date, and place of the hearing;
- c. A brief description of what will happen during the hearing;
- d. A list of the student's previous suspensions;
- e. A statement indicating that the School Code allows the Board to expel a student for a definite period of time not to exceed two calendar years; and
- f. A request that the student or parent inform the District if the student will be represented by counsel at the hearing.

During the hearing, the student and the student's parent(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified on behalf of the administration, and otherwise present reasons why the student should not be expelled. After presentation of evidence, the Board shall decide the issue of guilt and take such action as it deems appropriate. If the Board decides to expel the student, the written expulsion decision will detail the specific reasons why removing the student from the learning environment is in the best interest of the school, as well as the rationale for the duration of the expulsion. If a hearing officer is appointed by the Board, the hearing officer shall provide a written summary of the evidence heard to the Board. A student may be readmitted to school after expulsion by official action of the Board.

Board Policy 7:210, *Expulsion Procedure* is available on the District website and a copy may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

EDUCATIONAL PROGRAMS

English Learners

District 158 provides programs to meet the needs of students whose native language is a language other than English. Opportunities are offered to support the growth of English language skills and academic skills for students so they may achieve at high levels in academic subjects and meet the same challenging State standards expected of all students.

- ***Transitional Bilingual Education (TBE)***

At attendance centers with more than 20 students who speak the same language and qualify for English Learner services, the District is required to establish a Transitional Bilingual Education Program (TBE) for those students. The TBE program is for English language learners who have not reached the language proficiency criteria required by the State. Students receive explicit language instruction in the four domains: listening, speaking, reading and writing. This program provides instruction in the student's native language to facilitate the transition into English, and helps students acquire the concepts in the core academic subjects and acquire English skills at the same time.

- ***Transitional Program of Instruction (TPI)***

At attendance centers with less than 20 students who speak the same language and qualify for English Learner services, the District will implement a Transitional Program of Instruction (TPI). The TPI program is an English program that serves identified English learners by providing a full-time teacher certified to provide supplementary instruction for all content area instruction. The program integrates English-as-a-second-language instruction with subject-matter instruction that focuses not only in learning a second language, but also using that language as a medium to learn mathematics, science, social studies, or other academic subjects. The classes count toward graduation requirements.

- ***Two-Way Dual Language***

For our Spanish speaking English Learners, we implement the dual language two-way model. The Spanish Dual Language program is made up of approximately half Spanish-speaking students and half English-speaking students. Students have access to a specially trained bilingual teacher. Students are integrated for instruction so that both groups of students serve in the role of language model and language learner at different times. The goal of the Dual Language program is to develop bilingualism, biliteracy, academic achievement, and cross-cultural competencies for students.

Parent Advisory Committee for English Learners

Parents of English learners will be informed how they can: (1) be involved in the education of their children; (2) be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students; and (3) participate and serve on the District's Transitional Bilingual Education Program's Parent Advisory Committee.

Field Trips

We encourage all students to participate in field trips. We believe the whole world is a classroom and many sound educational activities that support the curriculum are best appreciated by actually visiting specific sites. Any admission fee and a prorated cost for transportation are assessed and payable prior to the trip. Occasionally a lunch stop is scheduled at a fast food restaurant and may be part of the fee. Students always have the option to bring a sack lunch if they so desire. Permission slips will be required and parents will be given appropriate time to complete the form and pay the fee.

Gifted and Talented Program

Formal identification of eligibility for the Gifted and Talented Program starts at the end of grade 2. Students in grades 3-5 may be screened based on a request from the teacher or parent. Both objective and subjective measures are used for identification. Students are placed in the program based upon Standardized test scores in math, reading and language arts, teacher input and Student Ability Index (SAI) scores. These measures are placed on a matrix for final selection. Students selected for the Gifted and Talented Program are placed with a teacher who has formal gifted training or experience with gifted students whenever possible.

The program is based on the Consultation Model. Consultation is a collaborative problem solving process between the teacher(s) and coordinator(s) through a sharing of expertise with the ultimate goals of better serving students. This model is based upon best practice in the field of Gifted Education.

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates the student's absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

Library Resource Center

The Library Resource Center (LRC) provides materials that support both the mission and the curriculum of the District. Students receive instruction on the use of the LRC, information on available books and resources, and opportunities to check out materials. LRC visits vary depending upon the building and grade level, but generally occur at least once per week.

Books are checked out for one week and may be renewed two to three times (if the book is not on hold). Fines are not charged for late books; however students are not allowed to check out additional materials until late books have been returned. Overdue notices, including the replacement cost of the book, will be sent home with students when a book is two or more weeks overdue. If the book is lost or damaged, the student will be asked to pay for the replacement cost of the book before additional materials may be checked out. Should the book be found later, a refund will be issued up to one year from payment, assuming the book is in good condition.

Parents, employees, students, and community members who believe that library media program resources violate rights guaranteed by any law or Board policy may file a complaint using the procedure described in Board Policy 2:260, *Uniform Grievance Procedure*. Individuals who would like to submit feedback and/or complaints about the school's library media resources should complete and submit the [Library Media Resource Objection form](#) available on the District website.

Board Policy 6:230, *Library Media Program*, is available on the District website or a copy may be obtained by calling the District 158 Administrative Office at (847)659-6158.

Multi-Tiered Systems of Support

Multi-Tiered Systems of Support (MTSS) is a multi-tier approach for early identification and support of students with learning and behavior needs. The MTSS process begins with high-quality instruction and universal screening of all students. Students with identified needs are provided with interventions at increasing levels of intensity to accelerate their rate of learning. These interventions may be provided by a variety of personnel, including general education teachers, special educators, paraprofessionals, and specialists. Progress is closely monitored to assess both the learning rate and level of performance of individual students. Educational decisions about the dynamics, intensity and duration of interventions are based on individual student response to instruction. MTSS is designed for use when making decisions in both general education and special education, creating a well-integrated system of instruction and intervention guided by student outcome data.

The State of Illinois provides districts and schools with a framework for using MTSS to determine a student's eligibility for and entitlement to special education services. Effective, research-based core instruction, interventions, and assessment plays a critical role in this process and data from the core curricula and instruction, as well as interventions, are used in the eligibility determination process. If the intervention plan shows the student demonstrates performance discrepancy as indicated by national, state and local assessments AND does not demonstrate educational progress through those established national, state or local norms, the team will then refer the student to the Individual Problem Solving Team to discuss the process of special education entitlement.

Physical Education

Physical education is taught in all grades and promotes the development of movement skills, enhances health-related fitness, increases students' knowledge, offers direct opportunities to learn how to work cooperatively in a group setting, and encourages healthy habits and attitudes for a healthy lifestyle.

All students will be expected to participate in PE except those who have a written doctor's excuse. Normally a student who provides a note from a parent can be excused from PE for up to three days. After three days, a doctor's note must be provided. An excuse from PE class applies to recess as well. A parent may request that a student be excused from physical activity in PE during a period of religious fasting by notifying the physical education teacher in writing.

We are asking all students in grades K-5 to purchase gym shoes exclusively for use during PE class.

School Wellness

District 158 promotes student wellness, including good nutrition and physical activity, throughout the educational program, school activities, and meal programs. Schools will foster the positive relationship between healthy nutrition, physical activity, and the capacity of students to develop and learn. In addition, schools will support and promote an active lifestyle.

Students will be offered and schools will promote nutritious food and beverage choices during the school day that are consistent with Board Policy 4:120, *Food Services* (requiring compliance with the nutrition standards specified in the U.S. Dept. of Agriculture's (USDA) *Smart Snacks* rules).

Section 504

Students with disabilities who do not qualify for an Individualized Education Plan (IEP) under the Individuals with Disabilities Education Act and Illinois School Code may qualify for services under Section 504 of the Rehabilitation Act of 1973 if the child: (1) has a physical or mental impairment that substantially limits one or more major life activities, (2) has a record of a physical or mental impairment, or (3) is regarded as having a physical or mental impairment. Any parent who is deaf or does not typically communicate using spoken English and who participates in a Section 504 meeting with a District representative shall be entitled to the services of an interpreter. Parents seeking information about Section 504 rights and services should contact the Assistant Principal at their child's school.

FOOD SERVICES, CAFETERIA EXPECTATIONS, AND RECESS

Food Services Staff

The Food Services Department is made up of a team of food and nutrition professionals dedicated to students' health, well-being and their ability to learn. We support learning by promoting healthy habits for lifelong nutrition and fitness practices.

Meals, foods and beverages sold or served at schools meet state and federal requirements which are based on the USDA Dietary Guidelines. We provide students with access to a variety of affordable and appealing foods that meet the health and nutrition needs of students. All items are prepared and served by qualified child nutrition professionals.

Free and Reduced-Price Food Services Eligibility Criteria and Selection

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines and family-size income standards set annually by the U.S. Department of Agriculture. Those who feel they are in need are encouraged to complete the [Application for Free and Reduced Meals](#) online form. Eligibility requirements, the application process and other required information is made available through a secure, private, online form. Individuals who do not have access to a computer or are unable to apply online may pick up an application at the District Administrative Office. Once the application is processed, the parent(s) will receive a notification letter regarding eligibility status.

Lunch Menus

Monthly menus and meal prices are available on the [Food Services](#) webpage. Please visit the Food Services webpage to view menus, nutrition, fitness, and education information, the District Wellness Policy, or for information regarding prepayment options.

MySchoolbucks

District 158 schools offer MySchoolBucks as a convenient method to pay for student meals. This online payment service provides parents with a quick and easy way to add money to your child's meal account by using a credit/debit card or electronic check wherever you have Internet access.

By creating a secure online account, parents can experience the benefits of using MySchoolbucks by taking advantage of some of its popular features:

- Spending History – View a seven day history of your child’s purchases.
- Low Balance Email Notification – Receive email notification when your child’s account balance is low.
- SmartPay – Set accounts to automatically replenish.
- Expired Credit Card Notification – Receive email notification prior to credit card expiration.
- Multi Student Funding – Fund multiple children at the same time.
- Spending Limit Settings – Set daily and weekly spending limits for your child by calling the Director of Food Services at (847) 659-6154.

Nutritious Food

Students are offered a complete meal that includes milk, grains, meat and meat alternatives, fruits, and vegetables that meet federal guidelines. Additional items are offered at a la carte pricing based on grade level.

Purchasing Food

District 158 uses an electronic system for purchasing lunch which requires all students to use their ID card to make food purchases in the cafeteria. Parents may add funds to the student’s lunch account by creating a secure online account at MySchoolbucks.com (funds may take 24 to 48 hours to be available in the students’ account) or by sending cash or a check (made payable to Huntley Community School District 158) to the student’s teacher in an envelope marked with their name and student ID number. The cafeteria staff will place these payments in the student’s lunch account.

Snacks and Lunches from Home

Snacks and lunches from home should be nutritious. Candy and pop are discouraged.

Cafeteria Expectations

Students are expected to cooperate with the following procedures:

1. Deposit all lunch litter in the garbage cans provided.
2. Return all trays and utensils to the dishwashing area.
3. Leave the table and floor around the area in a clean condition for others.
4. Cafeteria lines will move with order and efficiency if all students have their lunch card with them and are patient and polite while waiting their turn.
5. Be considerate of others.

Outdoor Recess

When weather conditions permit, students will go outside to recess if the wind chill temperature is greater than 15° F. Please ensure your child is dressed appropriately.

Students recovering from a cold or illness related absence may stay inside during recess for up to three days, provided they bring a note from home. After three consecutive days, a doctor’s note is required. If your child is to be excused from Physical Education for an injury or illness, your child’s outside recess will be modified.

Peaceful Playground

District 158’s elementary schools promote positive student interaction, bullying prevention, and enhance learning through the use of the Peaceful Playground program. Children learn cooperation through Peaceful Playground games and strategies at the start of the year.

Recess Behavior Expectations

- Respect others and play safely
- Follow Peaceful Playground guidelines for conflict resolution
- No chasing, wrestling or play fighting
- Only handball games allowed
- Respect playground equipment

HEALTH SERVICES

Health Office Staff

The health program is designed primarily to maintain health and prevent serious injury or illness. A Registered School Nurse is employed by the District in each school to be on duty when children are present during school hours. Except in emergencies, students need a pass from their teacher to visit the Health Office. If the nurse is not there or the Health Office is closed, the student should report to the Main Office.

Accident, Illness or Injury Procedure

When a student becomes ill at school, the student may visit the Health Office. The nurse will assess the seriousness of the illness or injury and administer first aid. If warranted, parents will be notified. Possible outcomes after being assessed by the nurse, the student: (1) may return to class, (2) may be picked up by the parent, or (3) may be sent to the hospital via EMS.

If the student has a fever of 100.4° F or greater, the student **MUST** be picked up from school. Other situations where a student must be picked up from school include, but are not limited to: vomiting, diarrhea, open lesions that cannot be covered, lethargy, serious head injuries, undiagnosed persistent or disruptive cough, eye drainage or redness, undiagnosed or new rashes, and serious limb injuries. These situations will be given a “nurse home” attendance code. Parents are required to sign their child out in the office before leaving the building.

Parents will be called to school to assist if children are incontinent and need assistance in cleaning themselves.

Administering Medication to Students

Every attempt should be made to schedule medication administration outside of school hours. However, if under exceptional circumstances a child is required to take prescribed medication during school hours, all medication shall be transported to and from school by a parent. Students are not to transport or have medications in their possession except for the self-administration of diabetes medication, asthma medication, pancreatic enzymes, or epinephrine auto-injectors, as outlined below.

The School Nurse, principal, or designee will administer the medication in compliance with the following regulations:

Prescription Medication

- A [Request for Administration of Medication Form](#) (available on the District website) signed by the parent, and *signed by the medical doctor*, renewed annually at the beginning of the school year.
- The original prescription bottle must be brought to school by the parent (children may NOT carry the medication to school).
- The prescription bottle label must contain the student's name, name of medication, time to be administered, dosage, possible side effects and termination date of administering the medication.
- Except for diabetes medication, asthma medication, pancreatic enzymes and epinephrine auto-injectors maintained by students authorized to self-medicate, all student prescription medication must be stored in an appropriate locked cabinet in the Health Office, accessible to authorized personnel only.

Non-Prescription Medication

- A [Request for Administration of Medication Form](#) (available on the District website) signed by the parent, and *signed by the medical doctor*, renewed annually at the beginning of the school year. Some non-prescription medications may be supplied by the school – please check your school for specifics.
- All medication needs to be labeled with the student's name and brought to school by a parent.
- Except for diabetes medication, asthma medication and epinephrine auto-injectors maintained by students authorized to self-medicate, all student non-prescription medication must be stored in an appropriate locked cabinet in the Health Office, accessible to authorized personnel only.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a medical cannabis infused product to be administered to a student on school property or on the school bus by a parent under the following guidelines:

1. The parent of a student who is a minor must be registered with the Ill. Dept. of Public Health (IDPH) as a *designated caregiver* to administer medical cannabis to their child.
2. Both the student and parent possess valid registry identification cards issued by the IDPH.
3. Copies of the registry identification cards are provided to the Health Office.
4. A "School Medication Authorization Form - Medical Cannabis" (available on the District website) signed by the parent and medical doctor.
5. After administering the product to the student, the parent must immediately remove the product from school property.

Medical cannabis infused products include oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis on school property or on the school bus is prohibited.

The product may not be administered in a manner that, in the opinion of the District, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver pursuant to this policy is prohibited. The District may not deny a student attendance at school solely because they require administration of the product during school hours.

Undesignated Epinephrine Auto Injectors (Epi-Pens)

The Emergency Epinephrine Act, P.A. 97-0361 (the Act) became law in Illinois in 2011. The Act permits schools to stock a supply of Epinephrine Auto-Injectors, authorizes physicians to provide school districts and non-public schools with a prescription to obtain the emergency auto-injectors from local pharmacists, and gives School Nurses or other trained personnel the authority to provide/administer the epinephrine to any person (including parents, visitors, and guests) the School Nurse believes in good faith is having an anaphylactic reaction. Undesignated epi-pens are available in all schools during school hours. The standing order and emergency auto-injectors are kept in the Health Office.

Self-Administration of Medication

Students are permitted by law to carry and self-administer diabetes medication, asthma inhalers, and epinephrine auto-injectors, where appropriate. The parent must sign a statement acknowledging that the District shall incur no liability as a result of any injury or claim arising from the self-administration of the medication or use of an epinephrine auto-injector regardless of whether authorization was given by the student's parent or by the appropriate medical official, and that the parent will indemnify and hold harmless the school district and its employees and agents against any such claims.

Asthma Medication

Students may carry and self-administer their own asthma inhaler. However, most parents of elementary aged students usually prefer the nurse monitor the student's use of the inhaler.

- If the parent would like their child to carry their own inhaler, the parent must provide:
 - Written authorization through the [Request for Self Administration of Asthma Medication](#) form (available on the District website) signed by the parent, submitted annually at the beginning of the school year.
 - A prescription label with the name of the medication, the prescribed dosage and the time(s) or circumstances under which the medication is to be administered.
- Please also provide an [Asthma Action Plan](#) form (available on the District website) completed by the student's physician and submitted every year at the beginning of the school year.

Diabetes Medication

Students may carry and self-administer their own diabetes medication. However, most parents of elementary aged students usually prefer the nurse monitor the student's diabetes.

- If the parent would like their child to administer the medication and glucose test independently, the parent must provide:
 - Written authorization through the [Request for Self Administration of Diabetic Insulin and Glucose Testing](#) form (available on the District website) signed by the parent documenting that student has been instructed in the use and self-administration of the medication and glucose meter.
 - A [Request for Self Administration of Diabetic Insulin and Glucose Testing](#) form (available on the District website) *signed by the medical doctor*, renewed annually at the beginning of the school year.
 - A prescription label with the name of the medication, the prescribed dosage and the time(s) or circumstances under which the medication is to be administered.

Epinephrine Auto Injectors (Epi-Pens)

Students may carry and self-administer an Epi-pen. However, most parents of elementary aged students usually prefer the Epi-Pen to be kept in the Health Office.

- If the parent would like their child to carry and self-administer their own Epi-pen, the parent must provide:
 - Written authorization through the [Request for Self Administration of Anaphylactic Medication](#) form (available on the District website) signed by the parent documenting that student has been instructed in the use and self-administration of the anaphylactic medication.
 - A [Request for Self Administration of Anaphylactic Medication](#) form (available on the District website) *signed by the medical doctor*, renewed annually at the beginning of the school year.

Anaphylaxis Prevention

While it is not possible for the school or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parents and students who desire more information may contact the School Nurse.

Board Policy 7:285, *Anaphylaxis Prevention, Response, and Management Program*, is available on the District's website or a copy can be obtained by calling the District 158 Administrative Office at (847) 659-6158.

Communicable Diseases

Please notify the school office as soon as possible if your child contracts any contagious disease. If such a disease is contracted, the child must be excluded from school. Communicable diseases such as chicken pox, German measles, impetigo, influenza, measles, mumps, scarlet fever, infectious mononucleosis, norovirus, coronavirus, and strep throat are contagious before they reach a stage where they can be recognized and diagnosed. Certain communicable diseases will require a doctor's release for the student to re-enter school or may require documentation from the County Department of Health to re-enter school or school related activities. Please check with the school Health Office for specifics.

Concussions

If a student sustains a concussion, please notify the Health Office. The school will support a student with a concussion working with the student's physician and by providing a Return-to-Learn protocol. The student will check in with the School Nurse daily to evaluate symptom severity.

The Illinois Department of Public Health (IDPH) has adopted the U.S. Centers for Disease Control and Prevention's (CDC) *Heads Up* campaign brochures which include concussion fact sheets for parents available on the [IDPH website](#).

If an accident or illness merits being excused from school and/or physical education or recess, a doctor's note is required that specifies when the student may return to normal activity. **The School Nurse will not be able to write a note to excuse the student from PE or recess.** A physician's release to return to PE and/or recess is required whenever a doctor's note has been issued for a concussion or other reason.

Emergency Contact Information

There are times when a student's illness or injury may require transportation to the hospital. The local rescue squad will transport the student to the appropriate medical facility. Every attempt will be made to notify the parent before transport. In order to contact parents quickly, it is required that we have complete and current information in PowerSchool on the following items:

- Your home address and telephone number
- Working status of parent(s), including the name of the company, the address and phone number where you can be reached
- The name and phone number of a neighbor, friend, or relative who is willing to attend to your child in an emergency.

It is the responsibility of the parent to notify the Registration Department at studentupdate@district158.org of any changes in the aforementioned items.

Epilepsy or Seizure Disorder

Parents of students who are diagnosed with epilepsy or a seizure disorder must submit a [Seizure Action Plan](#) (available on the District website) at the beginning of each school year.

Life-Threatening Food Allergies or Life-Threatening Chronic Illnesses

State law requires District 158 to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and State rules.

Parents of students with food allergies should provide a [Food Allergy Emergency Action Plan and Treatment Authorization](#) form (available on the District website) completed by the student's physician and submitted every year at the beginning of the school year.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your child has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the support needed for your child to access their education effectively.

While not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504, we may be able to appropriately meet a student's needs through other means.

Physical Examination and Immunization Requirements

In accordance with the Illinois Department of Public Health (IDPH) and the Illinois School Code, physical examinations are required for all students entering Kindergarten, sixth grade and ninth grade, and students transferring from out-of-state. Physicals are also required for students participating in interscholastic sports. The physical examination must include a record of all immunizations the child has received.

Every child who enters Preschool, Kindergarten, sixth or ninth grade and every child who enters an Illinois school for the first time, irrespective of grade, must present evidence of immunization as prescribed by the rules and regulations of the Illinois Department of Public Health (IDPH) and the Illinois State Board of Education (ISBE).

Students failing to meet the required immunizations against measles, tetanus, diphtheria, poliomyelitis, varicella, pertussis (whooping cough), meningitis, rubella, mumps, and Hepatitis B, will be excluded from all District schools. There are two exceptions to this State law:

- Children whose parents object to immunizations on religious grounds must present the IDPH's [Certificate of Religious Exemption](#) form to the Superintendent or designee. Upon receipt of the form, the Superintendent or designee shall immediately inform the parent of exclusion procedures if there is an outbreak of one or more diseases from which the student is not protected.
- Per Illinois School Code, if the physical condition of the child is such that any one or more of the immunization agents should not be administered on medical grounds, the examining physician responsible for the performance of the health examination shall endorse such fact upon the health examination form.

All physical and immunizations must be submitted prior to the first day of school or students will not be allowed to attend school. The [Illinois Certificate of Child Health Examination](#) (school physical) form is available on the District website.

Dental and Vision Exam Requirements

A dental exam must be provided to the Health Office before May 15 of the current year for students in Kindergarten, second, sixth, and ninth grades. A vision exam must be provided to the Health Office for students entering Kindergarten or transfer students entering Illinois schools for the first time. The [Dental Exam](#) and [Vision Exam](#) forms are available on the District website. A student may be exempt from the dental or vision examination requirements if the student's parent shows an undue burden or lack of access to a dentist or qualified physician/optometrist. Examination waiver forms are available on the [Forms](#) page of the District website.

Restrictions for Activity, Physical Education, or Recess

At times, individual students may require special restrictions to their activity level due to a medical condition. Restrictions for activity, physical education class, or recess need to be submitted by a medical physician and must specify the amount of time the student is restricted from participation. Please note any physician directives for activity restrictions need to be reviewed and resubmitted each school year.

When To Keep Your Child at Home

Please keep your child at home during an illness to decrease the number of students who are exposed to the illness. Students who have been running a fever (100.4° F or greater) should be kept home fever-free for 24 hours before they return to school unless guidelines from the CDC or IDPH increase this timeframe. Students should also remain at home for 24 hours after vomiting has stopped and the student can tolerate a solid diet, and/or until diarrhea-free for 24 hours.

INTERNET AND TECHNOLOGY

Access and Use

All use of the District's electronic networks shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or prohibited behaviors by users. However, some specific examples are provided. **Failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.**

Privileges

Use of the District's electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges, disciplinary action, and/or appropriate legal action. The technology administrator will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. The decision of the technology administrator is final. The technology administrator will work with the building administrator and the building administrator will deal directly with the violator.

Terms and Conditions for Internet Access

The term electronic networks includes all of the District's technology resources, including, but not limited to:

1. The District's local-area and wide-area networks, including wireless networks (Wi-Fi), District-issued Wi-Fi hotspots, and any District servers or other networking infrastructure;
2. Access to the Internet or other online resources via the District's networks or to any District-issued online account from any computer or device, regardless of location;
3. District-owned or District-issued computers, laptops, tablets, phones, or similar devices.

Acceptable Use

Access to the District's electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use. Use of the Internet, email, and other communication and collaboration tools to enhance productivity and enhance student learning is encouraged.

If students have been provided with a 1:1 technology device, the following are guidelines for the expectation of using technology responsibly:

- a. Bringing a charged device to school every day;
- b. Storing the device in the provided case when not in use;
- c. Moving safely through the hallway while carrying the device;
- d. Respecting the property and privacy of others by not using another student's device or account;
- e. Using the device, app, and other information resources to support learning, complete school assignments, and gain understanding of how technology works; and
- f. Using the Internet to gather information related to school, and to communicate with other students, teachers, and experts as it relates to school work.

Unacceptable Use

Staff and students are responsible for their own actions and activities involving the use of computers and the network. Some examples of unacceptable uses include, but are not limited to, the following:

- a. Using the electronic networks for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Using the electronic networks to engage in conduct prohibited by Board Policy;
- c. Unauthorized downloading of software or other files, regardless of whether it is copyrighted or scanned for malware;
- d. Unauthorized use of personal removable media devices (such as flash or thumb drives);
- e. Downloading of copyrighted material for other than personal use;
- f. Using the electronic networks for private financial or commercial gain;
- g. Wastefully using resources, such as file space;
- h. Hacking or attempting to hack or gain unauthorized access to files, accounts, resources, or entities by any means;
- i. Invading the privacy of individuals, including the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, such as a photograph or video;
- j. Using another user's account or password;
- k. Disclosing any network or account password (including your own) to any other person, unless requested by the system administrator;
- l. Posting or sending material authored or created by another without their consent;
- m. Posting or sending anonymous messages;
- n. Creating or forwarding chain letters, spam, or other unsolicited messages;
- o. Using the electronic networks for commercial or private advertising;
- p. Accessing, sending, posting, publishing, or displaying any abusive, obscene, profane, sexual, threatening, harassing, illegal, or knowingly false material;
- q. Misrepresenting the user's identity or the identity of others; and
- r. Using the electronic networks while access privileges are suspended or revoked.

Indemnification

The user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Internet Safety

Internet access is limited to only those acceptable uses as detailed in these procedures. Staff members shall supervise students while students are using District Internet access to ensure students abide by the Terms and Conditions for Internet Access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The technology administrator and Building Principal shall monitor student and staff Internet use.

Internet and Network Security

Internet and network security is a high priority. If the user can identify a security problem on the network or Internet, the user must notify the Technology Department or Building Principal. If reported to the Building Principal, the Building Principal is responsible for notifying the Technology Department. Do not demonstrate the problem to other users. Attempts to log-on to the network or Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network. **Keep your accounts and passwords confidential and do not use another individual's account.**

Network Etiquette

Staff and students are expected to abide by the generally accepted rules of network etiquette while using any means of electronic communication such as email, blogs, wikis, discussion boards, instant messaging, etc. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language.
- c. Do not reveal personal information, including the addresses or telephone numbers of students or colleagues.
- d. Recognize that the District's electronic networks are not private. People who operate the District's technology have access to all email and other data. Messages or other evidence relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

No Warranties

The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Telephone Charges

The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, texting or data use charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Use of Email

The District's email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students and staff members in fulfilling their duties and responsibilities, and as an education tool.

- a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an email account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet domain. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the Technology Department. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- e. Use of the District's email system constitutes consent to these regulations.

Vandalism

Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware.

Web Publishing Copyright Rules

Copyright law and District policy prohibit the re-publishing of text or graphics found on the Internet or on District websites or file servers/cloud storage without explicit written permission.

- a. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
- b. Students and staff engaged in producing web content must have written permission from the original producer before adding the material to their web page.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
- d. The fair use rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent and student.

Mission: To teach, develop, and reinforce positive self and social awareness which will empower all students to become valuable members of their community.

Vision: A collaborative community that guides one another to be culturally responsive members who display empathy and innovation through the development of social, emotional, and life skills.

One of the core values of the elementary schools in District 158 is the maintenance of a pleasant, orderly, supportive atmosphere. A spirit of cooperation among students, teachers, staff, parents and administrators promotes a positive learning climate that enables and encourages excellence in education.

In an effort to support this cooperation, all students and their parents should review the following rights and responsibilities:

If the problem is not resolved, the parent should then contact the Building Principal. If the problem remains unresolved, the parent should then contact the District Administrative Office.

SAFETY AND SECURITY

All District operations, including the education program, shall be conducted in a manner that will promote the safety and security of everyone on District property or at a District event. As such, District 158 has developed and maintains a comprehensive safety and security plan that includes, without limitation:

1. An emergency operations and crisis response plan addressing prevention, preparation, response, and recovery for each school;
2. Provisions for a coordinated effort with local law enforcement, fire officials, and emergency medical services personnel;
3. A school safety drill plan;
4. Instruction in safe bus riding practices; and
5. A clear, rapid, factual, and coordinated system of internal and external communication.

Campus Resource Officers

District 158 has established a Campus Resource Officer (CRO) program in partnership with the Algonquin, Huntley, and Lake in the Hills Police Departments. As part of an intergovernmental agreement, this partnership helps create “effective and positive school student discipline that: (1) is part of District 158’s larger effort to address school safety and climate, (2) includes proactive and restorative methods rather than only punitive, and (3) is clear, consistent and equitable.”

Each CRO is equipped with a body worn camera as provided by law in accordance with Police Department policies. The CRO’s body worn camera will not record during the school day unless and until the CRO has reason to believe that a crime has been or is in the process of being committed. Further, in the event a CRO is in a hostile situation or perceives that a complaint will be raised, at the CRO’s discretion, the body worn camera can begin recording.

Emergency Procedure Terms

- **Lockdown:** A lockdown is declared when, in the opinion of an administrator, Campus Resource Officer, or staff member, a situation exists that threatens the safety of students and staff and requires them to take appropriate protective action – locking down in a classroom, hiding from the danger or safely getting out of the building.
- **Hold in Place and Teach:** This protocol is enacted when there is a situation *inside the building* that requires immediate action for all persons to remain in place. It is non-life threatening to the general population and to the school.
- **Secure the Building and Teach:** This protocol is enacted when there is a situation *outside the building* that requires all persons to remain inside the school building.
- **Severe Weather/Shelter in Place:** This protocol is enacted when there is a severe weather/tornado warning indicated in the area of the school(s). All staff and students, inside or outside of the school, will be advised to move to their designated safe areas within the school.

Should a severe weather/tornado warning occur at dismissal time, students will be kept in the building until conditions improve or an all-clear signal is issued.

In the event buses are in transit and a severe weather/tornado warning is announced, buses will go to the closest school building or predetermined location based on movement of the potential weather.

- **Tornado Watch:** A tornado watch is used when conditions are favorable for tornadoes to form.
- **Tornado Warning:** A tornado warning is used when a tornado funnel is sighted or indicated by weather radar. Shelter should be taken immediately.

School Safety Drill Plan

In accordance with the School Safety Drill Act (105 ILCS 128/) and Board Policy 4:170, *Safety*, the following drills will be conducted:

1. Three school evacuation drills;
2. Two bus evacuation drills;
3. One severe weather/shelter in place drill;
4. One law enforcement lockdown drill.

Emergency drill procedures will be discussed with all students by their classroom teachers prior to each drill. If a parent would like to opt their child out of participating in the law enforcement lockdown drill, they must request this in writing to the Building Principal each school year.

School Bus Safety

All students shall be provided with instruction in safe bus riding practices at least twice during each school year. The instruction shall include two emergency bus evacuation drills, as well as the operation and use of the emergency door, windows (as a means of escape), and fire extinguisher.

Student Drop-Off and Pick-Up

In the interest of safety and security of all students and staff, please follow the pick-up/drop-off procedures specific to your school.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME.
Vehicles located in these locations may be ticketed and/or towed by the police.

SEARCH AND SEIZURE

In an effort to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. School authorities include school liaison police officers (Campus Resource Officers).

School Property and Equipment

As Well as Personal Effects Left by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Search of Student Accounts or Profiles on Social Networking Websites

In accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or the student's parent to provide a password or other related account information to gain access to the student's account or profile on a social networking site.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rule or policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Searches of Students and/or Student's Personal Effects

School authorities may search a student and/or the student's personal effects in the student's possession (purses, wallets, knapsacks, book bags, lunch boxes, etc.), when there is reasonable grounds for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or District's rules and policies.

The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction. When feasible, the search will be conducted as follows:

- Outside the view of others, including students;
- In the presence of a school administrator or adult witness; and
- By a certificated employee or school liaison police officer (Campus Resource Officer) of the same sex as the student.

Seizure of Property

If a search produces evidence that a student has violated or is violating either the law or the school or District's rules or policies, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities. The student's parent(s) shall be notified of the search as soon as possible.

A copy of Board Policy 7:140, *Search and Seizure*, can be found on the District's website or may be obtained by calling the District 158 Administrative Office at (847) 659-6158.

SPECIAL EDUCATION

Education of Children with Disabilities

The District shall provide a free appropriate public education in the least restrictive environment and any necessary related services to all students with disabilities enrolled in District 158, as required by the Individuals with Disabilities Education Act (IDEA). The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated and provided with appropriate educational services.

Once a student is determined to have a disability under IDEA, an Individualized Education Program (IEP) will be developed by a team of educators along with parents.

For additional information, please contact the Special Services Department at (847) 659-6158.

Services and Programs

District 158 provides a continuum of services to students with IEPs. Every effort is made to educate the student within their home school and classroom environment. The Individualized Education Program team, including the student's parent(s) and educators, meets annually to determine the needs of the student and the least restrictive environment. Students who move into District 158 with an IEP will be provided with the services listed in the Individualized Education Program plan.

Students with IEPs are afforded the safeguards and rights described in the parent guide, [*Educational Rights and Responsibilities: Understanding Special Education in Illinois*](#), available on the Illinois State Board of Education (ISBE) website.

Students with disabilities who do not qualify for an Individualized Education Program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student: (1) has a physical or mental impairment that substantially limits one or more major life activities, (2) has a record of a physical or mental impairment, or (3) is regarded as having a physical or mental impairment.

Access to Classroom for Special Education Observation or Evaluation

The parent of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child. For further information, please contact the Building Principal.

Discipline of Special Education Students

The District will comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of the student's disability.

Additional information, [including laws, regulations, and guidance](#), is available at the Illinois State Board of Education (ISBE) website.

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Physical Restraint, Time Out, and Isolated Time Out (RTO)

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Additional information for parents, including [*The Physical Restraint, Time Out, and Isolated Time Out Bill of Rights*](#), is available on the Illinois State Board of Education (ISBE) [website](#).

Exemption From PE Requirement for Special Education Students

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. The student (a) is in grades 3-12, (b) has an IEP that requires that special education support and services be provided during physical education time, and (c) the parent agrees or the IEP team makes the determination; or
2. The student (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

Related Service Logs

For a student with an IEP, the District must create related service logs that record the type of related services administered under the student's IEP and the minutes of each type of related service that has been administered.

STUDENT PRIVACY PROTECTIONS

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the Building Principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or District) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parents.
2. Mental or psychological problems of the student or the student's family.
3. Behavior or attitudes about sex.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such programs.

The student's parent may: (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent exercised this option.

Instructional Material

A student's parent may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

Prohibition on Selling or Marketing Students' Personal Information

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

Unless otherwise prohibited by law, the above paragraph does not apply: (1) if the student's parent have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's personal information to a business organization or financial institution that issues credit or debit cards.

A parent who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal.

A complete copy of the District's [Student and Family Privacy Rights](#) policy is available on the District's website.

STUDENT RECORDS

The District will maintain two sets of records for each student: a permanent record and a temporary record.

Permanent Records

All student permanent records are maintained for at least 60 years after the student transfers, graduates, or permanently withdraws.

A student's permanent record may include:

- basic identifying information
- academic transcripts
- attendance records
- accident and health reports
- honors and awards
- school-sponsored activities and athletics
- information pertaining to the release of this record

Temporary Records

Student temporary records are maintained for at least five years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after five years, be transferred to the parent or to the student when the student reaches 18 years of age, graduates from high school, marries, or enters military service, whichever comes first. Such students are called *eligible students*.

A student's temporary record may include:

- family background information
- intelligence and aptitude test scores
- psychological reports
- achievement test results
- participation in extracurricular activities, including any offices held in school-sponsored clubs or organizations
- honors and awards received
- teacher anecdotal records
- disciplinary information
- special education files
- records associated with plans developed under Section 504 of the Rehabilitation Act of 1973
- verified reports of information from non-educational persons, agencies or organizations of clear relevance to the student's education
- information pertaining to the release of this record

Rights and Privacy Regarding Student Records

The Family Educational Rights and Privacy Act (FERPA) and the Illinois School Student Records Act (ISSRA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. **The right to inspect and copy the student's education records within 10 business days after the date the District receives a request for access.**

A parent or student 18 years of age has the right to inspect and copy their permanent record. The parent or student should submit to the Building Principal or the Official Records Custodian a written request that identifies the record(s) they wish to inspect. The Building Principal will make arrangements for access and notify the parent or student of the time and place where the records may be inspected.

These rights are denied to any person against whom an order of protection has been entered concerning a student (105 ILCS 5/10-22.3c, 105 ILCS 10/5a, and 750 ILCS 60/214(b) (15)).

2. **The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, irrelevant, or improper.**

A parent or eligible student may ask the District to amend a record that they believe is inaccurate, misleading, irrelevant, or improper. They should write to the Building Principal or the Official Records Custodian, clearly identify the part of the record they want changed, and specify the reason.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise the individual of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or ISSRA authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill professional responsibility or contractual obligations with the District.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or Federal law. Before information is released to individuals, the parent or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-state suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s) can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**

TRANSPORTATION

School bus transportation is an important part of each student's education experience and the Transportation Department will assist in making this experience as pleasant as possible.

It is the responsibility of the Transportation Department to design and implement routes and stops according to guidelines set forth by the Illinois State Board of Education and Illinois State Law. Decisions regarding special education students will take into account related disabilities and the student's IEP pertaining to transportation.

Transportation Department Staff

The District 158 Transportation Department staff are dedicated to the service, safety and well-being of all students that it transports. Bus drivers are responsible for the students riding their buses just as teachers are responsible for the students in their classrooms. The bus driver is required to report students who violate the bus rules of proper behavior and conduct while riding the bus.

Bus Conduct, Expectations, and Discipline

Every student has a right to a safe and enjoyable ride to and from school free from intimidation, threat or harassment. Bus drivers are responsible for the lives of all students on their bus and will not be required to transport any student who is a disciplinary problem. The school discipline system applies to students at the bus stop, bus loading and unloading locations, on the ride, and throughout the school day. If a student's behavior is not acceptable, the right of riding the bus may be suspended and the student may face further consequences.

Bus Expectations

- Be on time
- Walk to and away from the bus
- Find a seat immediately and remain seated
- Maintain an appropriate noise level and use appropriate language
- Keep your hands, arms, feet, and all objects inside the bus and to yourself
- Follow directions from the bus driver and other adults
- Help keep the bus clean
- Report unsafe behavior to the bus driver
- Use only approved items on the bus

Bus Discipline

The bus is an extension of the school and classroom in which all school rules, regulations and discipline policies and procedures apply.

- Transportation is a right that can be suspended.
- Each student is responsible for their behavior while on the bus and in the school bus loading and unloading areas.
- Unacceptable conduct on the school bus or at a school stop may result in a warning, detention, suspension or expulsion from school.

Should a student's bus riding privilege be suspended, it then becomes the responsibility of the parent to transport the student. Revocation of a student's bus riding privilege is not considered an exclusion, expulsion or suspension from school. Students suspended from the school bus who do not have alternate transportation to school will have the opportunity to make up missed school work for equivalent academic credit. It is the responsibility of the parent to notify the school that the student does not have alternate transportation.

Bus Routes

Students are required to ride their designated routes and get on and off at their designated stops. Students must be picked-up and dropped-off at the same location Monday through Friday. Transportation needs to keep track of students riding their designated routes in the event of an emergency (i.e. bus collision, lost or missing students, etc.). Due to the number of students being transported, it is not feasible to let students ride home on routes other than their designated routes.

In the event of an emergency, the parent must call the Transportation Department at (847) 659-3000 to request a change in their child's designated route. Requests for changes will be accepted or denied based on the number of students assigned to a particular bus route. If the request is approved, the Transportation Department will notify the school of the change.

Bus Stops

Students need to be at their designated bus stop five minutes prior to the scheduled bus arrival time. The private property of those living near the bus stop is to be respected. Bus drivers are required to report any student who is consistently tardy for their bus, as corrective action may be necessary. It is important that buses maintain a timely schedule.

In areas where sidewalks are provided, students need to stand a safe distance on the sidewalk away from the curb and street. In areas where sidewalks are not provided, students need to stay off the road and out of harm's way of motorists using the roadway. The private property of those living near the bus stop is to be respected.

Students waiting for the bus are not to approach the bus until the bus has come to a complete stop and the driver has opened the door. Students are to get on the bus in single file in an orderly fashion without pushing and shoving, and find a seat immediately.

When students need to cross a road before boarding or after exiting the bus, they must wait on the curb or edge of the roadway until the driver signals the student giving them permission to cross the road. Students should cross the road far enough in front of the bus (approximately 10 feet) so the driver can see the student and the student can see the driver.

Not following these guidelines is a serious safety offense and drivers have been directed to submit bus conduct reports of students who do not follow these guidelines.

Danger Zones Surrounding School Buses

Statistically school bus transportation is the safest means of transportation that a student can take to and from school. A student has a 150 times greater risk of being in an accident to and from school via another vehicle other than a school bus.

The area within 10 feet in the front, sides, and rear of the bus are known as the DANGER ZONE. As such, precautionary guidelines must be adhered to when students are loading and unloading.

At no time should a student walk directly alongside the bus nor should a student cross the road behind the bus. Students need to remain at least 10 feet away from the bus before loading. When unloading, students must exit and immediately step at least 10 feet away from the bus and proceed immediately to their destination.

If a student drops an item in front of, alongside of, or at the rear of the bus, the student should not retrieve the item until notifying the driver. The driver will then decide if it is safe for the student to retrieve the dropped item.

Not following these guidelines is a serious safety offense and drivers have been directed to submit bus conduct reports for students not following these guidelines.

Electronic Recordings on School Buses

The Board of Education has adopted a policy authorizing the use of electronic recordings on school buses when transportation is provided for a school activity.

Electronic video and audio recordings are viewed to investigate incidents reported by a bus driver, administrator, CRO, supervisor, student, or other person. They are also viewed at random.

Viewing and/or listening to electronic video and/or audio recordings is limited to CROs and District personnel. These individuals must have (1) a law enforcement, security, or safety reason, or (2) a need to investigate and/or monitor student or driver conduct. A written log will be kept of those individuals viewing the recording stating the time, name of individual viewing, and date the recording was viewed.

The content of the recordings are student records and are subject to District policies and procedures concerning school student records. If the content of a recording becomes the subject of a student disciplinary hearing, it will be treated like other evidence in the proceeding.

Transportation of Students with Disabilities

All students with an IEP are provided transportation entirely at District expense. The mode of transportation will be determined via the IEP conference. A parent wishing to waive the right to District approved transportation and desiring reimbursement for such services must seek reimbursement through the State of Illinois. District 158 will not provide reimbursement for expenses incurred by the parent.
